

THE IMAGINE CENTER FARM

Work Training, Skills Building, &
Community Engagement Center

Our Mission

Meaningful work builds pride, independence, and happiness. Yet many adults with developmental differences face limited job opportunities, isolating or unstimulating environments, and a lack of community inclusion.

The Imagine Center Farm offers a life-affirming alternative designed to build skills, increase independence, improve quality of life, and reduce behavioral concerns. We do this through structured, hands-on skills-building programs that allow individuals opportunities for:

- Developing vocational skills in agriculture, animal care, culinary arts, construction, and entrepreneurship
- Growing adaptive behavior skills (communication, daily living, motor, and social)
- Engaging meaningfully in the community
- Strengthening physical and emotional well-being
- Accessing daily recreation and social connection

About the Farm

A scenic 70-acre property in the Irish Hills, featuring:

Two barns, a greenhouse, a café/store ("casita"), and a workout area.

Horses, donkeys, goats, sheep, ducks, chickens, peacocks, cats, and a golden retriever.

Trails, creek, lake access, orchard (in progress), and crop fields.

A tranquil environment that promotes mental health, physical activity, and nature-based healing.

6600 Norvell Rd.
Brooklyn, MI 49230
Call: (313) 617-6436
